- Maximum I/O !
- HTPC or CarPC !
- 2x RS232 !
- SPDIF, 8x USB !

Maximum I/O ! That was the main idea when we developed this case for the Intel DN2800MT Half Height motherboard. Next to the ports directly on the motherboard, you will receive in addition:
- 2x COM
- 4x USB
- SPDIF
- eSATA
- 2x mounting option for antennas

Chipset/CPU are connected directly to the housing with a massive heat sink for optimum heat dissipation.
The housing may also be used as car-pc. For the optional DCDC-USB converter mounting holes are pre-installed ! (see 3D view for real life example)

For a full PC you need in addition :
- AC/DC adapter (HTPC) or DCDC-USB (Car-PC)
- 2.5" HDD/SSD
- RAM

**Technical data :**
Drives : 1x 2.5" (installable through bottom-door)
Front-connectors : 2x USB 2.0, 1x earphone, 1x microphone
Front-buttons : Power, Reset
Front-LED : Power, HDD
Dimensions : 206 x 207 x 67 mm
Scope of supply : Blackpete-DN2800MT enclosure with heatsink and integrated Intel DN2800MT mainboard
